- **International House Services**
(Lise Kingo Hansen)
- **Case 1: Running a Foreign Company in Greater Copenhagen**
(Thales, Jean-Christophe Bouteiller)
- **Closing Remarks**
(Copenhagen Capacity/Invest in Skane)

Welcome

We are very pleased to see you here in Greater Copenhagen for the first ever Big Science Business Forum. It is a unique opportunity for the Big Science facilities like the ESS to meet both other facilities, and even more important the industry and business that will continue to assist us in providing the most advanced scientific instruments in the world.

Reasons for choosing Greater Copenhagen

- 4 million inhabitants 17 universities or higher education institutions
- 14.000 Researchers
- Highest R&D rate per capita in the EU
- The two most advanced big science facilities in the world
- The most livable place in whole world

You are welcome to contact our partners from Invest in Skåne and Copenhagen Capacity and they can provide you with all information you need to establish and run an international business in our region.
